**DOING BIG BUSINESS**

The G.T.P. have put a second daily passenger train on the Edmonton-Winnipeg run. The N. R. have also resumed their daily summer train via Regina. Without taking account of the traffic which goes via Calgary and the main line of the G.T.P., there are now five through passenger trains running each way daily between Edmonton and Winnipeg. This is not supposed to be a very good year for business, certainly not a year when people are likely to spend much money needlessly in railway fares. Railway managers usually know, however, how many trains can be profitably run over their lines, and do not commonly run more trains than the business warrants. That the three companies consider five trains necessary per day each way indicates a volume of passenger traffic which is not at all dissatisfactory for a supposedly quiet season.

**PRIORITY SHOULD COUNT.**

In connection with the previous mix-up, the practically important question is not, who made the miscalculation, but, how can the miscalculation be remedied. To arbitrarily strike from the list a number of streets which have been set down for paving would be anything but satisfactory to the residents concerned, and may not be legal. Petitions for some of the work which it has been proposed to abandon were sent in a year ago. If these streets are left unpaved, and if other streets are paved on the strength of more recent petitions, there will be ground for dissatisfaction and for a claim that certain sections of the city are being favored at the disadvantage of other sections.

The better way would be to arrange to issue the bonds for the additional sum required to complete the program as it stands. The work will have to be done this year or next in any event, and the sooner the better. If it cannot all be done this year, the late applicants should be the ones to wait. And if an earnest attempt is made to complete it this year, the late petitioners will have no just ground of complaint if their streets cannot be attended to.

**ACCOMMODATING THEIR FRIENDS**

An Ottawa dispatch announces that the Department of the Interior—in the hope of regard for the welfare of the Canadian wage-earner—is reimposing the suspended regulation which required each newcomer to come possessed of at least \$25. The dispatch-maker explains that the requirement was suspended in order to allow the bringing into Canada of large numbers of men from Europe "who were assured of employment" as laborers on railway construction and other works.

Put into plainer language this means that the regulation was suspended so as to permit railway companies and other large employers to bring into Canada men whom they had engaged in Europe, and who came thus practically, if not actually, under indenture.

The companies having succeeded in getting all the men they wanted—and no doubt in reading wages on the basis of a more plentiful supply of men than of jobs—the restriction is to be again clapped on.

It would be difficult to find in this world a Government of more accommodating character than the present administration of Canada.

to corporations which are wealthy enough to fill the party's war-chest, or influential enough to fill the ballot-boxes with favorable votes.

It is to be hoped the Canadian wage-earner will appreciate at its face value the amount of consideration which the Government has in this instance shown to him and his interests. When there occurred a likelihood that work and wages would be abundant—and when the restriction in question might have been of some use to the Canadian wage-earner—the restriction was promptly cancelled on demand of

the employing corporations. When the corporations have got things fixed to suit themselves—and when the restriction can be of no possible use to the Canadian wage-earner—the restriction is reimposed, with a flourish of political trumpets.

**Regina Strike-Knives' Notice.**  
Regina, Sask., June 12.—All union knucklers in the R. A. L. Lodge contracts in the city went on strike this morning. This action has been taken as a result of the employment of unskilled labor in laying the site on the new six-story Canada life building.

**ADVISES THEM TO RESTRICT OPERATIONS**

Chairman of Toronto Health of Manufacturers Refers to This Prevalent Year.

Toronto, June 12.—"Nothing is further from my mind than to sound a discordant note, nor do I want to be classified as a panic-monger, but I could like to suggest to you as manufacturers the necessity of restricting your business operations to a proper relationship to the capital invested over which you have control."

—The speaker, A. H. Clarke, president of the C.M.A., at the annual meeting this afternoon.

There have been taxed to their capacity and in many cases their capacity has been increased; money has been scarce; the cost of living is still high; the country is prosperous, optimism prevails, yet with all this there is a feeling of uncertainty which appears to cloud the atmosphere and suggest conservatism for the time being," said Mr. Clarke.

**Sultan of Joho Captured.**  
Manila, June 12.—Rizal-General Pershing and his troops, this morning captured the Sultan of Joho who was leading them in the operations against Constantine in April, 1909, when the old Sultan, Abdul Hamid, was deposed.

**GREAT POMP MARKS FUNERAL OF MAHMOUD**

Assassinated Turkish Grand Viceroy is Buried on Liberty Hill.

Constantinople, June 12.—The Grand Viceroy, Mahmud shakir Pasha, was buried this morning in the Mausoleum situated on the Hill of Liberty in the outskirts of the Turkish capital. On the hill many of his soldiers fell while he was leading them in the operations against Constantine in April, 1909, when the old Sultan, Abdul Hamid, was deposed.

**THE POPE ENJOYED THE MOVING PICTURES**

With His Sisters and Nieces, Merry Did Val and Others, the Pontiff Saw Show.

Rome, June 12.—A moving picture machine was set up in the Consistorial Hall at the Vatican yesterday, and Pope Pius X., with his sisters and nieces, the Papal Secretaries of State and other Vatican dignitaries, enjoyed a view of many interesting scenes. He watched the passion show, with animation and at the end called attention to the progress of science, which permitted the unfolding of a recluse like himself.

Mrs. Joan Hewitt will give a re-  
cital in McLaughlin Methodist church  
on Tuesday, June 17th, under the  
auspices of the Women's Missionary  
society.

The W. M. S. of McLaughlin Meth-  
odist church have just had their Crea-  
sick week, and Mrs. J. H. Slack treas-  
urer, reports as follows: 170 annual  
members and six life members.

The death of Matthew McLennan,  
aged 87, died on Wednesday at West  
Edmonton. The funeral takes place  
on Friday afternoon at two o'clock,  
from Connolly & McKinley's parlors.

### THE PRODUCE MARKET.

Potatoes were offered on the mar-  
ket yesterday at 50c per bu., and were  
also of sale. Onions were offered  
hands slowly at about 25c per bushel  
other prices of a very limited supply  
were: Live fowl, 11c; butter, per lb.,  
22c to 25c; eggs, per doz., 25c.

### MEMBERS OF LEGISLATURE.

William Moffatt, M.L.A., who has  
represented the firm, Malcolm McKee  
since the late member for Clareholm,  
in the representation of that district,  
died on Tuesday, yesterday, engaged  
interviewing officials at the govern-  
ment buildings.

J. A. McCall, M.P., representative of  
Acadia was also in town yesterday.

### WHOLESALES WON.

In a fast nine innings game at the  
South Side grounds the Whitesides in-  
vincible team cut out a record for the  
club in a league fixture last night,  
winning by a score of 6-0. Haines,  
Whitney, Mitchell and  
Shenley were the heavy hitters of the  
team, while C. Hamilton and Shel-  
ton each took three of the Moore  
total of ten hits. The game was  
played in big league time. Murphy  
was good and when his arm gets over  
top of him everyone should have some  
shot-out games to his credit.

### BELZENNER STILL IMPROVES.

Joe Belzenner, the wounded bar-  
tender of the Castle hotel, is progress-  
ing on the road to recovery, and  
there is reason to believe that he  
should escape all fatal results unless  
the unexpected should occur. The  
doctor on Tuesday, yesterday, en-  
gaged interviewing officials at the govern-  
ment buildings.

### EDSON LAND FRAUDS.

Richard Edson, wanted for frauds  
in respect to Edson lands, was arrested  
in New Brunswick, was committed  
in London on Tuesday for frauds, was  
committed in respect to Saskatchewan  
lands, which he had been purporting to  
own which he had offered sale in  
Boston. The district attorney of the  
state is taking a personal interest in  
the matter and has secured an at-  
torney general's department here that  
as soon as the present charge is dis-  
posed of, the way will be clear for the  
commencement of extradition pro-  
ceedings by the attorney general's de-  
partment here.

Edson's bail is to be \$5000 in cash  
or two securities satisfactory to the  
district attorney of \$5000 each, he  
will spare nothing and is not likely  
to expose to complete the prosecution,  
said L. F. Clarry, deputy attorney  
general yesterday.

### FLOOD AT TETE JAUNE.

Tete Jaune is flooded owing to a  
mudslide of the water in the Fraser  
river. The flood is accounted for by  
extremely warm weather, causing the  
snow in the mountains to melt  
rapidly, combined with the recent  
rain.

The main street of the place was  
flooded to a depth of four or five feet  
but is receding today. A number of  
boats were being pulled up the river  
from the inundated houses to higher  
ground. The damage caused by the  
flood will not be large owing to the  
work of the boat crews.

### OFFENSES REMENDED.

Dan Kehley, of Tete Jaune, arriv-  
ing in the city yesterday from Tete  
Jaune and reported that the place  
was going down again and the resi-  
dents of the place were not expecting  
any serious damage would be done.  
Mr. Kehley's house was the first to  
be flooded.

### CHAMPION FROM EDMONTON.

It is interesting to note that "Lad-  
y Penryn Bay" won away by L. L.  
Kerr, of Regina, Sask., and who has  
been won many times at the  
Winnipeg horse show, and would  
win Saturday by gaining the grand  
championship over every horse at the  
show, was bred by Edward Evans, Jr.,  
who occupies the position of engineer  
in the city engineer's department  
in Edmonton. "Lady Penryn Bay"  
was bred by W. H. Mackenzie, before  
being brought to this country by Mr.  
Evans, was captured first in the  
country, including owner. The Lon-  
don Hackney horse show was a 2-year  
championship over every horse at the  
show, was bred by the Flint and Don-  
ohy show. Since coming to Edmonton Mr.  
Evans has been a regular exhibitor of  
Hackneys, and a large prize winner at  
the Edmonton exhibition. "Lady Penryn  
Bay" was purchased in 1911 by  
L. L. Kerr, before for Mr. Kerr, on the  
recommendation of Mr. W. H. Mack-  
enzie, now manager of the Edmonton ex-  
hibition, but who that year came from  
Toronto to act as judge of the light  
horses at the summer fair. It is ex-  
pected that Mr. Kerr will exhibit the  
exhibition in Edmonton this year  
with his large string of high class  
horses.

## AROUND THE CITY

### Civic Coal Mine on Prison Farm Is Latest Move

City Commissioners Project Steps  
to Determine if Project Is  
At All Feasible

A civic coal mine, to be develop-  
ed on the prison farm, is the latest  
move of the city commission-  
ers. Steps are being taken to de-  
termine just how much coal lies  
in this property, whether it will  
be worth developing, and the  
profitable benefits to be derived  
from such action.

If it develops that the operation  
of a coal mine on the prison  
farm property is at all feasible,  
its advantages to the city are ob-  
vious. Following the determined  
determination of the city council  
to move the pumping plant up the  
river to the Hobbie Hill, a civic  
coal mine would supply fuel for  
the plant and would be close at  
hand.

The city owns the prison farm  
site, with its aqueduct line, in the  
Hobbie Hill district, and if a  
coal mine is developed, a car-  
line to the district will probably  
be built. It is understood the  
commissioners are endeavoring to  
determine the coal possibilities.

### IS SENT TO JAIL FOR PURLOINING A WATCH

William Townsend, After Speeding  
on a Prison Farm, Was Com-  
plained, Shared His Room, and  
Hiding Early Took His Watch as a  
Memento.

As the result of getting up too early  
Sunday morning and taking with  
him, without leave, his room key,  
watch and \$5 as a memento of their  
friendship, William Townsend, 30  
years of age, found himself in the  
police court yesterday with his  
boss, Mr. J. H. Mackenzie, who  
with the charge of theft. The  
complainant was Sam Ashcroft, and  
the story was given by Ashcroft  
Sunday morning, in the River View  
dormitory-house, about half-past  
three, in waiting to see the judge  
looking for the watch, which had been  
lost. The watch was found when re-  
turned at ten o'clock, he found it was  
gone, and also \$5. His suspicions  
were at once aroused, and he ac-  
cused in the act of leaving the  
house.

"Stop," he cried to the accused,  
"where is my watch?" But the ac-  
cused hurried off and was subse-  
quently arrested by Detective 145  
wards.

Magistrate Turnbull: "Had you  
been drinking?"  
Complainant: "Oh, just a couple  
of glasses."

Continuing his story, the complain-  
ant stated that the accused had been  
drinking the evening before and had  
been a temperate festive manner, and  
had returned to his room, where he  
found the accused to be a third room, in  
which there was a shared room, main-  
ed. Prison officials were charged and  
desired to establish an alibi, for he  
declared that though he had seen  
with the complainant, he had not  
evening he had not shared his room  
with him at all.

Magistrate Turnbull: "Then you ex-  
pect us to believe that the complain-  
ant and his witness are both telling  
an untruth?"  
The accused: "Yes, they are both  
lying."

Magistrate Turnbull decided, how-  
ever, that the accused had committed  
the theft and sent him to jail for two  
months with hard labor.

### OFFENSES REMENDED.

The young Irishman, Jas. O'Brien,  
who shot Joe Belzenner at the Castle  
Hotel last week, was brought up on  
the charge of vagrancy. He is a  
gambler, who today a new return,  
steadiness in the stock market at  
York and at Vancouver. Following  
the export business was also an ele-  
ment of strength. Opening prices  
range from 1-8 to 1-4 cents off to 1-4  
cents advance. July, which started  
at 1-8 to 1-4 cents, unchanged to  
1-8 to 1-4 cents, rose to 1-8 to 1-4  
cents, unchanged to 1-8 to 1-4 cents.

Three young men were charged  
with theft and sent for trial to the  
juvenile court.

John Pannet was charged with re-  
fusing to obey a constable on point  
of duty and pleaded his own case with  
fair success. He had mistaken the  
signal of Constable Carver, he said,  
and had not intended to break  
the law. He was fined \$1 and \$250  
costs.

## The Markets

### WINNIPEG GRAIN MARKETS.

Winnipeg, Man., June 12.—The  
weather led to a strong market in all  
lines. Wheat opened at 1-2 to 1-4  
cents advance for both July and August  
and during the course of trade July reach-  
ed the dollar mark. This is good land and  
bade and fax were firm and made  
advance.

The cash demand is dull with of-  
ferings fairly heavy. An advance in  
wheat prices is a little more encourage-  
ing to regards export business.  
Receipts were moderate, being 20  
thousand bushels and 25 in sight.  
Cables closed—Liverpool, 1-2 to 1-4  
up; Paris, 1-4 up; Berlin, unchanged.  
Wheat, July, 1-8 to 1-4 cents, unchanged.  
Wheat, August, 1-8 to 1-4 cents, unchanged.  
Wheat, September, 1-8 to 1-4 cents, unchanged.

# COLONIZATION PROBLEMS UP AT CONGRESS

Question of Directing and Assisting French-Speaking Immigrants Is Discussed

## TO ESTABLISH AN INFORMATION BUREAU

Immigration Policy of Alberta Government Commended by Father Normandeau

The question of establishing a colonization bureau in Alberta for French-Canadians from the east and French people from the old land was one of the matters dealt with by speakers at the meetings of the French congress Wednesday. The Rev. J. A. Normandeau gave a very able address on colonization. In a country like Alberta the question of assisting and directing newcomers, he said, was one of the greatest questions which could be taken up. The settlement that was going on in Alberta and bringing crops out of the west and bringing enormous wealth to the wealth of the Dominion and to the wealth of the whole world.

There was a danger, however, that immigrants would come here insufficiently prepared to make the best of their opportunities. They lack of education and information or by reason of their lack of finances. He urged that the French language society should endeavor to assist and to protect the French people from the east and from France. It should be their aim to make it possible for the French-speaking Canadians to enjoy to the full the privileges afforded by the institutions under which they lived.

Should Have Means. The speaker was anxious to encourage immigration of settlers who were not supplied with the means of making a good start in a new country and he urged that it would be better to advise settlers to wait rather than come here and be financially dependent upon their fellows for support. Father Normandeau paid a high tribute to the laymen who had engaged in the work of assisting and advising new settlers in the past. He praised the government of Alberta for the policy it had pursued in regard to recruiting immigrants from Quebec and supplying them with accurate information regarding the better opportunities that awaited them here. He nevertheless thought there was ample room for a good information and communication bureau such as might be established by the French language society as a part of its work.

French in Schools. The adoption of the bilingual system in the schools where French children were in attendance at the public schools of Alberta was advocated by Father Hudson in an able and characteristic manner on one of the days of the congress. He stated that the Jesuits had been largely influenced in their decision to come to Edmonton and erect a college here by the splendid results achieved by the first French language conference held here last year. Both French and English words, he taught in the college and an effort would be made to fit the children who were sent there to the best type of citizens.

The Entente Cordiale. The entente cordiale was the subject of a fine address from Father D'Amigny, who is over here on a visit and who is an enthusiastic supporter of the entente cordiale. He stated that the entente cordiale had given him the pleasure which he had given him to travel across the prairie and through the Rockies of the Canadian west to see the prosperity that his fellow countrymen in Canada were enjoying under the British flag. That prosperity was amply evidenced in their national, economic and social life. France, he declared, was a peace-loving nation, but owing to the circumstances carried by the other nations of Europe she was bound to fit herself for war. He declared that the strongest influence for peace in the world today was the entente cordiale existing between France and England. The amity existing between the two nations, he declared, was the best example of national concord. The entente was also benefiting the world by strengthening the qualities of the two nations and in spreading the advantage of the entente cordiale to the nations of the world. The intellectual and literary excellence of the French, he said, was a very able and witty speech in which he referred to the part played by the women in the early settlement of Alberta. He declared that it was the help given to the men by the women that had made the colonization of the province possible.

Organize Circles. A scheme for the formation of local circles was outlined by Alexander Laforge, who expressed the opinion that a branch should be formed in every parish in which there were French-speaking people. M. E. Charrier, editor of Le Progrès, Montreuil, said that there was no question in his mind as to the formation of a local circle at Montreuil. It was decided to appoint a special organizer to visit the French districts and organize local branches of the French language society.

The conference will conclude tomorrow, when Father Bourgeois has been in attendance throughout the convention, will speak.

# HEADS OF DEPARTMENTS IN GET-TOGETHER CONFERENCE

Mayor and Commissioners and Superintendents of Departments Discuss Proposal to Buy All City Goods Through Purchasing Agent.

Practically every civic department represented in the commissioners' board room yesterday when for nearly three hours, the mayor and commissioners discussed the advisability of buying all city goods through a purchasing agent. The discussion covered a very wide range, and at its conclusion it was agreed that the mayor should be authorized to call a meeting of the heads of the departments to discuss the matter. The discussion was held in a room at the city hall, and was attended by Mayor Mitchell, the commissioners, and the heads of the departments. The mayor opened the meeting by stating that the purpose of the conference was to discuss the proposal to buy all city goods through a purchasing agent. He then asked the heads of the departments for their views on the matter. The heads of the departments then gave their views, and the mayor then summarized the discussion. Cost of Handling. The chief difficulty in the past has been the fixing of charges to be paid by the stores and works departments to the other departments for handling the goods. There also, there has been some personal friction in the effort to overcome these difficulties. The speaker of the departments had to make an effort to determine the exact cost of handling various kinds of goods, and further, the superintendent of the departments had to try to cooperate with the stores and works departments in the effort to overcome these difficulties. Some of the Leaders. Commissioner Chalmers and Superintendent Parsons immediately explained how this happened. The material had to be purchased in Hamilton, said Mr. Chalmers, for use in certain machines in the power plant. When these machines were discarded, the material had to be purchased in Hamilton, said Mr. Chalmers, for use in certain machines in the power plant. # ACCLAMATION FOR MITCHELL IN BOW RIVER

Minister of Public Works Not Opposed in New Constituency in South

## CONSERVATIVES DECIDED NOT TO WASTE ENERGY

Bulletin Special. Edmonton, June 12.—The Hon. Chas. R. Mitchell, minister of public works, was elected here today for the constituency of Bow River, by acclamation. The close of the time, however, was not a contest, and no other candidate was named.

MR. C. R. MITCHELL.

The general impression being that they would be better to reserve their strength for another occasion. Mr. Mitchell will thus be the member in place of George Lane, who resigned in Mr. Mitchell's favor. Mr. Mitchell has sent a message to the House of Commons thanking them for their courtesy in allowing his election to be uncontested and assuring them that he will give importance to the issue of local affairs.

## Murder Plot Disclosed.

Vienna, June 12.—A Viennese student named Schachtel, murdered Dr. Widhewer, Dutch professor at the University of Vienna. The crime is alleged to have been committed because of the student's anger over Dr. Widhewer's scholarly report, which is likely to have political consequences and will cause more violence in the traditional animosity of the Poles and Hungarians. An election is now on in Galicia, in which this antagonism is a prominent factor.

## AIRSHIP SPRINGS A-LEAK IN MID-OCEAN

Some Work Buckles Up. But Ship Is Brought Safely to the Ground.

Paris-Bombay, England, June 12.—The British airship Astra Torretta met with a serious accident at the same ground here today. The engine, however, managed to bring the airship safely to the ground and none of the crew were injured. The accident took place in the presence of thousands of spectators.

## NORWAY EXTENDS SUFFRAGE TO WOMEN

Christiania, Norway, June 12.—The Norwegian parliament has agreed yesterday to extend female suffrage, so that all women over the age of 21 have the right to vote at parliamentary elections subject to regard to the amount of their income tax.

**Big Right Hander Held Visitors Hitless Until the Sixth and Allowed Only Two Hits—Stark Cleaned the Bases in the Second With a Double—Reese Hurdled for Visitors**

The Edmonton baseball team came to the last night and gave a great exhibition of baseball, much to the delight of the 1000 or more natives who gathered at the ball orchard to witness the contest. Incidentally it might be stated that the Birds struck Thompson into the Calgary Bronchos with great enthusiasm. Pitcher Jack Clayton was the principal actor in the downfall of the visitors. He hit Jack blanked the naughty cowpunchers 4 to 0, allowed only two men to stay alive and struck out seven, a fair evening's work for the mainstay of Manager Whisman's pitching staff.

**Clayton Had Everything.** Clayton had just about everything a good pitcher is supposed to have. He held the inveterate two runs down in the sixth, when Vivian sphere one to right field. It looked as if Povey might get it but this did not come in quite fast enough. To make things worse it took a ball and went for a double. Vivian did at second, however, as Clayton got the next two men.

Manager Jack Strick was the next batter to save Clayton's effective first up in the eighth he slammed a right to right. A passed ball put him around. Things were looking up. Vivian walked after these mopped to Reddick. Clayton tightened up in great style and took a beautiful strike by Reddick of pop flies left Strick. Vivian struck out. Clayton took the next second base throughout the nine frames is evidence of the fact that Clayton pitched a great ball.

**Reese on the Mount.** Mr. Reese, the opposing hurler also heaved a fairly good ball but the Birds got to him in two innings for four runs, which was more than sufficient to win the game. The home crew also threatened on numerous other occasions to reach the counting station. Two runs were cut off at the plate as a result of nice work by Reese, who pitched a very good game. The Birds got to Reese's delivery for eight hits. Skeels and Reese, getting two hits each, doubled bases by the Calgary infield pulled Reese out of tight holes.

**Some New Fielding.** The fielding bordered on the sensational at times. When Vivian struck busy day around second base and some new chances, most of them difficult, without a slip. Reese and Skeels also did some nice work around shortstop, while Pat Moran picked up a couple of hot ones. Whisman and Skeels got mused up on an easy fly ball in the third. The manager sent into Skeels' territory and the two players collided, allowing the ball to drop safe.

**Stark's Timely Double.** Tom Stark was the handy man with the a.c.k. his lefty double resulted in three runs in the second. Skeels rounded the infield and hit a home run to right and stole second. Povey's field out put him on third. Redmond hit an easy one down the line. Skeels made a bluff to go. O'Brien held the ball and Redmond was safe. Redmond stole. Skeels walked, filling the bases. Skeels crashed one to the right field fence for two bases, running the bases. Clayton hit into a double play, ending the inning.

The Birds added one more in the third. Whisman singled through the pitcher's box with two men on base and stole second. Skeels walked. Povey's single to centre caught Whisman. Redmond ended the inning by going out at first.

**Good Base Running.** The locals ran bases in good style. Moran, Skeels, Whisman and Redmond each got credit for one. Doubt by made an attempt to steal home in the sixth which almost succeeded. But Umpire Arnold called him out. The acquisition of Pat Moran is a big help to the team. He is not a finished third baseman, but he looks like the best man for the position at present. His hitting and base running are also good.

Umpire did not look like a world-beater but he was a what he better than some of the indicators continues to do as good work as any he has ever seen here. If he continues to do as good work as any he has ever seen here, he will not be a knock from the fans.

**RAIN ROBBED LUCKLESS  
RED SOX OF VICTORY**

**Regina Was Four Runs Ahead in Fourth When Rain Stopped the Game**

By Bulletin Leased Wire.  
Regina, Sask., June 12.—Rain robbed Regina of what looked like a nice victory over Moose Jaw tonight. Hank was pitching great ball and blanked the Millers for four rounds. Season was also going along well as Hank hit harder than Hanklin. In the last of the fourth when the rain was coming down quite steadily, both Section and his support slipped. The Red Sox scored two runs which they carried over into the fifth. The game developed into a reverse English exhibition, the locals trying to get out and Moose Jaw trying to prevent. Regina could not help scoring two more runs before the umpire called the game for thirty minutes in hope the shower would cease. It did not and so Regina lost a chance to add to its scant total of three.

**JACK JOHNSON GETS  
5 MORE DAYS' FREEDOM**

By Bulletin Leased Wire.  
Chicago, June 12.—Jack Johnson, boxer, today won a five-day reprieve for five more days of freedom when Federal Judge Carpenter today granted him a five-day reprieve from a year in prison for violating the law. Johnson was sentenced to a year and a day in the penitentiary when he was convicted of violating of the Mann White Slave Act. The suspension of the sentence now is until June 23rd.

**INTERMEDIATE FOOTBALL  
Games Played Last Night**

Two intermediate league football games were played last night. Both south side teams were defeated but the game was very small both sides. The Sons of Scotland defeated the University Construction Club 1 to 0. The Celtic, played Strathcona 2 to 0.

**WHILE AFTER NEW PLAYERS  
Manager Whisman is not so far**

downcast over the poor showing of the team on the road and refuses to consider the Birds out of the race. The team will be strengthened by several new players just as soon as Mr. Gray's sanction to the deal can be made. As the W. L. president is at present on the coast it may take some time to consummate the deal. Manager Whisman is not so far away with his present new-shift team as he is with the old team. It could win a game now and again.

The pitchers are going along much better now and with Clayton, Heinrichs, Herdofor and Dickinson in the line-up, the Birds will be able to carry off their home game. The showing made by Clayton yesterday was the most encouraging feature of the Birds' play this season. The Jack looked like a world beater. To hold the hit-batters, Bronchos, who has in a small feat and Clayton received a little credit for his performance. If he keeps up this gall he will not be in the Western Canada league next year.

The Olympics came back to last night and defeated the Excelsiors in a senior league game at the C.N.R. park grounds by a score of 5 to 2. The Olympics played a different brand of ball from their first appearance last Saturday and if they continue to display the same article will be in the hunt for the hunting. King ball was the whole work. He held the Excelsiors safe all the way through. In the sixth inning with two on base he struck out the side. All told he struck out twelve.

English also pitched fairly good ball but was touched up for his critical moments. The Olympics scored two in the fourth on hits by Knott, Miller and Roberts, an error by Ellis and a wild pitch. Roberts, Miller and Knott were the three batters for the Olympics. Roberts got three hits and Knott two. Knott scored three of the Olympics runs. The Excelsiors were weak behind but had some good play. Their batting was also weak in the pinches. Carmichael and Stanton got two hits. The future of another game was the fielding of Barnes for the Excelsiors in centre field. He crashed three which appeared to be headed for homers.

Saskatoon, Sask., June 12.—Saskatoon won easily from Medicine Hat tonight in a game replete with errors, both teams having four chalked up against them. The visitors' errors were the most costly letting in runs in nearly every case. An exciting incident occurred in the seventh when Bliss disputed a decision of the umpire and threatened the official. Bliss was escorted off the grounds by a policeman.

**Cornstalks Bazed Up and Queen City Cricketers Made a Good (?) Showing**

By Bulletin Leased Wire.  
Toronto, June 12.—The game between the Australians and Torontonians at the Rosedale ground was won by the Cornstalks by 215 runs this afternoon. Without a doubt to disportage the Torons of the locals, it can be said that the visitors could have won by a good many more good sportmen that they are, however, they decided to give the crowd a run for their money and the hostess, a chance to redeem their poor showing at the bat in the first inning. They have, at least, the satisfaction of making the best score yet registered against the Antipodeans on the present trip and also demonstrating them for the smallest score of runs—116.

The batting of the all-Torontos was in striking contrast to that which characterized their venture on Wednesday. Admitted that the Cornstalks did not make their best batting until the innings were well on, yet none of those who performed with the ball can be classified as second raters.

**PELKEY'S TRIAL IS SET FOR JUNE 19TH.**  
Special to the Bulletin.  
Calgary, June 12.—Arthur Pelkey's trial on a charge of manslaughter arising out of the present trip and also demonstrating them for the smallest score of runs—116.

Tommy Burns will not be tried until the fall session as neither the prosecution nor the defence was ready to go ahead when asked about setting a date for the trial. It is likely that if the case of Pelkey falls through, that against Burns will be dropped.

GAVE WELSH A  
REAL BATTLE**

**Coast Fans Were Surprised by Fine Showing Made by Unknown Youngster**

By Bulletin Leased Wire.  
Vancouver, B. C., June 12.—Ray Campbell, practically unknown in footbais, came to the front tonight when he gave Fred Welsh, the British heavyweight champion, a great argument over the fifteen round bout. Although having a big margin at the British Welsh's showing was disappointing, while Campbell surprised the fans with his wonderful showing against the more experienced man. Welsh had it all over his opponent in the fighting but Campbell showed best at long range. In the third round, short uppercut caught Campbell on the point of the chin and dazed him for a moment. He came back and was fighting smart to the finish.

In the six round preliminary Eddie May of Philadelphia out-pointed Povey Cove.
